## MERGENTHALER HORTON-BASKET FACTORY IS SOLD

Eastern Men Talk About Prospects of Such a Plant Without Waste.

Old Company Operated to Sell Stock Only.

S. H. FISH USES THE MACHINES

Finis Lack, representing a coterie of local capitalists, bought in the plant and equipment of the Mergenthaler-Horton Basket factory for \$34,075. Herman Friedman bid \$34,060. Eastern men did not bid at all. The part of the property mortgaged to the Mechanics and Farmers bank was first bid up to \$10,000, but when that and the bids on the remainder of the plant did not come up to the bid on the whole property, it was sold in a lump. One-third must be paid in cash, one-third in six months and one-third in twelve months. The sale must be confirmed by Judge Evans, of the federal court, before it is binding.

M. J. Parkhurst, F. C. Dayton and S. H. Fish, the eastern men representing a syndicate to buy and operate the Mergenthaler-Horton Basket company, went out to the sale of that plant held this afternoon at 2 o'clock by Receiver W. P. Hummel. Until he got on the ground, Mr. Hummel did not know whether he would sell the plant piecemeal or in a lump. The eastern men intimated this morning that they would not allow local bidders to walk away with the plant, though they would not say what limit they would go in the bidding.

Mr. Fish, who uses some of the Mergenthaler machines in his factory at Sodus, N. Y., said this morning that the objection to the machines on account of the waste, could be practically eliminated by careful mechanical supervision. The plant here, he said, was operated to sell stock and not as a money-making industry, and consequently the waste ran to a high per cent of the lumber used, but by the right management the waste ought not to exceed five per cent.

All stock-jobbing schemes for this company in the east at this time are believed by the men here to be fakes. The proceeds from the sale will not pay the bondholders, much less the stockholders, and any attempt to deal in the stock of the company while it is in the bankrupt court, would be unprofitable to anybody, who should buy it. An attempt has been made to swap the company's stock in a new company, but the purchaser of the plant this afternoon has the only thing in the corporation worth anything.

It is said that the first mortgage bondholders, including the bank's men on the real estate, will be paid off in full, and the remaining bondholders will get pro rata whatever may be left from the sale money, after they are satisfied.

## JUNE TAXES DUE

Mr. George Oehlschlaeger has the honor of receiving the first tax receipt for June taxes from City Treasurer Dorian this morning. The first rush to pay taxes was unprecedented and if receipts throughout the month continue at this rate the collections will exceed former years in promptness.

## NEW CEMETERY ENTRANCE

Lot owners of Oak Grove cemetery propose to have a handsome entrance erected at the gateway to cost \$2,500. The present entrance will be placed at the colored cemetery. Mayor James P. Smith, Mrs. Joseph Post and Mrs. Emma Noble are promoters of the idea, and Mayor Smith has started the movement with a contribution of \$100. A sketch of the proposed entrance is framed and hung in Mayor Smith's office.

## CENTRAL CITY FIRE

Central City, Ky., June 1.—(Special)—Albert Anderson's saloon and Mary Rankin's billiard ball were burned at a loss of \$10,000.

## Tobacco In Independent Prizing House at Hazel Destroyed by Fire of Unknown Origin Last Night

Palmer & Brown Bros. Lose About \$8,000 by Bedtime Blaze—There is No Clew to the Cause.

Hazel, Ky., June 1. (Special)—The independent prizing house of Palmer & Brown Brothers was destroyed by fire last night with a loss of \$3,000 on the building and \$5,000 on the stock of tobacco. The fire was discovered at 10 o'clock, but had gained good headway, and burned the building to the ground with the stock. Insurance for \$10,000 was carried on the building, and probably \$2,000 on the tobacco. The firm was a new one, and the warehouse was just completed last fall, and it was handling its first season's tobacco. The origin of the fire is unknown, but it is believed to have been incendiary. Hazel is located on the state line in Calloway county, and is about 50 miles from Paducah.

The whole inside of the building was ablaze when it was discovered. There is no clew.

Mr. F. E. Brown, one of the stockholders in the prizing house, is in Paducah today, but he knows only the meager facts of the house burning, as he arrived in the city last night. Mr. Brown said he could not say yet whether the house would be rebuilt or not. This is the first tobacco house to burn at Hazel, which is about 10 miles south of Murray.

## PADUCAH'S SLICE OF POSTOFFICE PIE WAS \$15,000

Washington, D. C., June 1. (Special)—Among the amounts set aside for Kentucky postoffice buildings during the next fiscal year is \$15,000 for Paducah, secured through the instrumentality of Congressman James on the initiative of Postmaster F. M. Fisher.

## WASHINGTON DESERTED

Washington, June 1.—This city is deserted today. Following the adjournment Saturday night of all congressmen, that possibly could, left for their homes. Speaker Cannon and Representative Landis, of Indiana, are making the trip home in Cannon's automobile. The Congressional Record today is extremely bulky. Nearly every congressman availed himself of the "leave to print," and got in speeches for campaign use.

There's a world of difference between attention to details and absorption in trifles.

Harry Cloys left this morning for Union City to visit relatives.

## BACCALAUREATE SERMON PREACHED LAST NIGHT BY DR. DAVID CADY WRIGHT

Advises Class to Graduate With Individual Ideals and to Seek First of All Wisdom.

The baccalaureate sermon to the Senior class of the High school was preached last night at the Grace Episcopal church by the rector, the Rev. David Cady Wright. The seniors of the faculty and a good representation of the school attended the baccalaureate service. "Ask What I Shall Give Thee," I Kings III, 5, was the subject and Dr. Wright handled it in masterful style.

Beginning his sermon to the graduates Dr. Wright said that at the baccalaureate service we dedicate all that we have gathered up to God, and with words of optimism he told them how all life was before them. Recalling the life of Solomon, and his prayer for wisdom, Dr. Wright said that every true prayer was answered—all those that were not selfish. After admonishing that there are no such things in life as chance or obstacles to prevent the attainment of life's goal, Dr. Wright took up his three points—admiration, hope and love.

By admiration we look up and admire. It is what distinguishes man from brute, for man is the only animal that can look up without raising his body. "Tell me what a boy admires, and I will tell you what he is." Yet the majority of men graduate

without an ideal, and they are like boats on the sea without a rudder."

On his point of hope, Dr. Wright

touched on the wonderful possibil-

ties of hope that inspired to every-

thing above the common place.

"Never become discouraged, never

give up. Have faith and believe what you are," were his sentences.

Love of friendship and the love of

family came in for discussion under

the topic of love. Similar to the ad-

vice of Polonius, Dr. Wright said:

"The dearest thing in life is a friend,

but let me exhort you to have many

acquaintances but few friends. As-

sociate with many, learn them and

see them, but have few confidants."

On the definition of love he chose

to call it the principle down deep,

the foundation upon which your life is

built.

In his summing up Dr. Wright said

there would be days that would be

dark, and the graduates would won-

der if they had a friend, with the

advice not to become discouraged for

the whole world is open to them to

choose what they will, remembering

Emerson's "Hitch your wagon to a

star."

In his closing lines Dr. Wright said:

"If any of you have a failure in life it is just because you choose it.

No one ever loses or is beaten if he tries.

If the curtain of time falls

and you step off onto the stage of

eternity and failure is written oppo-

site your name, it is because you

choose it."

## COMMENCEMENT WEEK FESTIVITIES

**Begin With Freshmen and Sophomore Reception.**

**Examinations in Public Schools Begin Today—Half Pupils Are Exempt By Grades.**

**NOTES OF LAST WEEK'S WORK**

Examinations began in the public schools this morning, and after three days of brain teasing, the children will be through books for the summer. Cards will be distributed Friday morning, and the last formality of the school term will be past. Only about half the pupils had to attend school at all today, as the rule exempting pupils with a high grade has had a wonderful effect in stimulating the interest of attaining higher grades. In the High school 25 students were exempt from every exam, and many are exempt in from one or two studies.

The school board will meet tomorrow night in regular session, and transact the business that has accumulated and allow salaries. Owing to the reception of the Junior class, the board will rush business and adjourn early so as to be guests. Superintendent Carnagey will present the proposition from the American Manual Training company for installing a system of manual training in the schools. Also Professor Carnagey will recommend to the board that teachers, who have had at least three years' experience, and have done satisfactory work, have their certificates renewed without examinations.

This will include teachers who study at normal schools occasionally, as Superintendent Carnagey does not want to work a hardship on teachers. The renewal of the certificates will include the reading of books during the summer and the writing of a paper on one of them. Also an educational journal must be taken for a year. It is believed that the recommendations will be accepted by the school board, and the renewal of certificates is followed in other cities.

Tonight the Freshman and Sophomore classes will entertain at the to the Seniors. The hall is prettily decorated with paper streamers of black and gold, and black and orange. An orchestra will play during the evening, and refreshments will be served. While the reception will be informal, it will nevertheless be enjoyable, and the last week of school will be a merry one. Tomorrow evening the Junior class will extend the same hospitality to the seniors.

**SCHOOL NOTES.**  
The Junior B class in chemistry with Prof. C. H. Shreve, of the science department, visited the plant of the Paducah Ice company, and the manufacture of ice was explained.

Miss Belle Ford, of the Washington building, was ill today and also Miss Hattie Sherwin, of the Longfellow. Misses Clara Winston and Miss Inez Bell, of the Cadet class, were substitutes.

## ARRANGEMENTS

### BUCKET WOUND

**CAUSES MRS. T. O. MANN TO SUFFER GREATLY.**

**Carlisle County Woman Accidentally Shoots Herself With a Flober Rifle.**

Fulton, Ky., June 1.—News reached here of an unfortunate accident in Carlisle county, near Cunningham. Mrs. T. O. Mann, a popular woman of that community, was the victim.

Mrs. Mann loaded a 22-caliber flober rifle for the purpose of shooting crows. After loading the gun she placed it in the closet until an opportunity arrived to use it, but concluding that it was an unsafe place for it on account of the fact that the children might possibly get hold of it, she decided to move the gun from the closet and place it in the rack on the wall. Accordingly she went to the closet and picked up the gun, and as she did so it was discharged, the ball striking her in the bowels and lodged against the hip bone.

Physicians were at once summoned and an operation was decided upon. A large portion of the peritoneum was removed and the wound was thoroughly dressed. The size of the ball was a 22 short, but the proximity to Mrs. Mann's body caused the force of it to plough its way almost entirely through the body.

Though suffering greatly she is thought to be getting along nicely and the attending physicians expressed the belief that she will recover.

Try the Sun for Job Work.

**Do You Open Your Mouth**

Like a young bird andgulp down whatever food or medicine may be offered you? Do you want to know something of the composition and character of that which you take into your stomach whether as food or medicine?

Most intelligent and sensible people now-days insist on knowing what they employ whether as food or as medicine. Dr. Pierce believes they have a perfect right to insist upon such knowledge. So he publishes broadcast and on each bottle—paper, what his medicines are made of and varieties known to him. This he feels he can well afford to do because the more ingredients of which his medicines are made are studied and understood the more will their superior nutritive virtues be appreciated.

For the cure of woman's peculiar weaknesses, irregularities and derangements, giving rise to frequent headaches, backache, dragging-down pain or distress in lower abdominal or pelvic region, accompanied, oftentimes, with a debilitating, pelvic, catarrhal drain and kindred symptoms of weakness. Dr. Pierce's Favorite Prescription is a most efficient remedy. It is equally effective in curing painful periods, in giving strength to mothers and preparing the system of the expectant mother for baby's coming, thus rendering childbirth safe and comparatively painless. The "Favorite Prescription" is a most potent, strengthening tonic to the general system and to the organs distinctly feminine in part. It cures a sore throat and improving nervous and cures nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea or St. Vitus's dance, and other distressing nervous symptoms attendant upon functional and organic diseases of the distinctly feminine organs.

Dr. Pierce's prescription contains all the several schools of practice, recommend each of the several ingredients of which "Favorite Prescription" is made for the cure of the diseases for which it is claimed to be a cure. You may read what they say for yourself by sending a postal card request for a free booklet to be extracted from the leading authorities to Dr. F. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and it will come to you by return post.

A telegram received states that Curt Roby has at last reached his destination. Several days ago Curt Roby and June Cagle left for a land buying in Texas. When in about 200 miles from their destination about 3:30 o'clock in the morning Mr. Roby left the train to get a cup of coffee and that was the last heard of him until this telegram was received. Mr. Cagle stayed on the train and supposing Mr. Roby got left off got at the next station to wait for the next train, but Mr. Roby was not on that train. Mr. Cagle then continued the journey and stayed there two or three days. Mr. Roby not coming on to the end of the trip, Mr. Cagle became uneasy. He boarded the train and went to where Mr. Roby was last seen but no one had seen him. Mr. Cagle came on home and reported Mr. Roby's disappearance. Mr. Roby's wife then set the wires to work with the above results.

Guy Halliday and wife spent a few days with Mr. Halliday's brother, Mr. Justine Halliday.

Mrs. Mary Humma, of Reading, Pa., is visiting her son, H. J. Humma.

"Dolan," said Mr. Rafferty, as he looked up at the city postoffice, "what does them letters 'MDCCCCVII' mean?"

"They mean 'eighteen hundred and ninety-seven.'

"Dolan," came the query after a thoughtful pause, "don't ye think they're overdrivin' this spellin' reform a bit?"—Washington Star.

One of the large electrical firms in Germany gives yearly from \$4 to \$7 to employees who have served for more than a year. The sum thus expended exceeds \$110,000 a year.

An honest doubt is always a door to some higher truth.

### Are You Sick?

Much sickness is due to a weak nervous system. Yours may be. If it is, you cannot get well until you restore nerve strength. Your nervous system is nature's power house; the organs of your body get their power from it. If the power is not there, the action of the organs is weak, and disease (sickness) follows. Dr. Miles' Nervine cures the sick because it soothes the irritated and tired nerves and gives the system a chance to recuperate. Try it, and see if you do not quickly feel its beneficial effect.

"I was given up to die by a leading doctor. Got one of Dr. Miles' books and found that Dr. Miles' Nervine cures the sick. I am better now than I have been for years, and do all my own work on the farm. That's what Dr. Miles' Nervine has done for me, and I am glad to recommend it to others."

### TOBACCO NEWS

#### Ten Thousand Hogsheads Sold.

Heavy buying by Regie contractors have run sales of the Planters' Protective association to 9,142 hogsheads of tobacco of the crop of 1907 at the close of business on Saturday, May 11.

The demand for Regie types from now on is expected to be firm, and it is probable that prospects of a short crop in the dark tobacco district in 1908 will make the buyers eager to protect themselves for the future.

Figures compiled by the Tobacco Planter for its annual year book, which is now in press, indicate that last year's crop was even shorter than the estimates made during the early part of the year. With Weakley county, Tennessee, missing, the figures collected show that the crop of 1907 was less than 100,000,000 pounds, or not quite 65,000 hogsheads.

The normal crop of the district is 120,000,000 pounds and with Weakley county in, it is evident that the crop was nearly 25,000,000 pounds short of the average.

Of this production the Planters' Protective association controls about 50,000 hogsheads, but it is the opinion of well-informed tobacco men that these figures are great in excess of the real facts in the case.

Controlling this proportion of the crop, however, and calculating that these independent sales actually reached 26,000 hogsheads, it is very plain that the association is absolutely in control of the tobacco market of the world as far as the dark tobacco is concerned.

The sales already made are about 15 per cent. of the crop, and the heavy buying is just beginning. With the low quality of tobacco grown last year the price of tobacco is now bringing in a good return to the farmer for what he has to offer. The situation at present shows conclusively what the farmers can do by sticking together. The prospects for a good crop this year are fairly bright. The weather has been so unusually severe that a great many farmers have been discouraged, because they have been unable to get their crop in the field, but tobacco growers who take a fair view of conditions are of the opinion that the crop will show up about as well as the average.

Generally at this time of the year there always are enough prophecies of a bad tobacco year to discourage anybody who might take them all up seriously. If the crop is not a good one this year the fact that the plants are becoming too large in the beds will probably have more to do with the results than any other one thing.

The total number of hogsheads graded to date is 38,100, or over half of that controlled by the association.

At the present rate the board of graders will finish up in a short time. Prizing is almost at the wind up, and in many places prizers have finished their work for the season. It is probable that 90 per cent. of the 1907 crop is now in hogsheads.

The association official report by Mr. John D. Seales the buying has been heavy, and the sales of this week will easily run the total over 10,000 hogsheads. Heavy sales were made in Paducah the first of the week, a total of 300 hogsheads being sold. Most of this was for E. J. O'Brien & company, although a number of Paducah buyers took a portion of that sold.

James N. Banks, writing in the Henderson Gleaneer, says: "Those of the manufacturers who have bought tobacco of this association to date should be, and doubtless are, by this time persuaded there is no disposition on the part of Kentucky farmers, where they have the opportunity of power, to practice extortion. Kentucky farmers are co-operating to the end that they may realize remunerative prices for tobacco, not extortionate prices."—Tobacco Planter.

### Clarksville Market.

Clarksville, Tenn., June 1.—Our receipts in the open market last week were 227 hogsheads; sales 280 hogsheads; market firm and unchanged on all grades.

Receipts of loose tobacco were very light. The weather continues hot and showery, forcing growth. The larger portion of the tobacco crop is now in the field, and the stand is generally good. Farmers need a spell of dry weather to finish breaking up their land and get in the remainder of the corn crop, the planting of which has been delayed by the frequent rains. May having been nearly as rainy as April. Farmers are working hard to catch up, and wheat harvest will soon add to their labors.

The Planters' association sold here this week 522 hogsheads, and the salesmen are well satisfied with the prices.

It is a pity that we haven't more to sell, as the prices are so good. All of the foreign demands keep steadily in the market, the European stocks being very small.

CONGRESS.

Congress has adjourned. It failed to do everything President Roosevelt advised. Anti-administration papers made fun of every message he sent and abused his policies to their hearts' content. They are now engaged in abusing congress because it didn't do everything he asked. Neither the president, who was abused for offering the advice, nor congressmen who are abused for not following the advice, probably will feel the least concern over the attitude of their common critics.

When did a congress ever submit to the absolute dictation of an executive? Where lives the American, who would have congress without deliberation obey the arbitrary behest of the president?

In considering the work of this congress in connection with the recommendations of the president, we must remember the work was done by one party on the eve of a presidential election, and that the policies of the administration, recommended to congress, were advanced and unusual, and the congressmen have not had opportunity to secure a popular vote of sanction or repudiation of the recommendations.

Almost the entire period since the Civil war has been devoted to the aggrandizement of industrial America. The whole machinery of government has been given over to promoting transportation facilities, developing new territories and building up the commerce and industries of the country. A new era is dawning. In our devotion to the encouragement of private enterprise, we have been blinded to a growing tendency to monopolization and restraint of trade, to national extravagance and waste, and we are awakening to the necessity for conserving our resources for a later day. Reforms once started have involved every public question, and Roosevelt is the personification of the spirit of the era. One cannot expect congress, nor the whole people to follow the spirit with the speed of the president, whose position gives him a view beyond that of the average man, while congress must needs travel with an ear to the ground.

Considering all that, let us see what congress has done:

In the way of reform—prohibited race track gambling in the District of Columbia; restricted child labor in the District of Columbia; passed an employers' liability law.

To improve our foreign trade, increase our prestige abroad and better our knowledge of international conditions—reclassified the consular service, putting fit men in the offices.

In the way of defense—increased the pay of soldiers and made the service more attractive; reformed the militia; provided for the defense of Hawaiian and Philippine ports; provided for the construction of two large battleships a year.

In the way of foreign relations—ratified arbitration treaties with all foreign nations; appropriated \$1,500,000 for an exhibit at the Japanese exposition; permitted free open

ation of foreign vessels in Philippine trade.

Internal affairs—passed an emergency currency measure; and appointed a commission to consider better laws on the subject; authorized a tariff commission to revise the tariff schedules; provided for continuance of waterways commission; appropriated money for an Appalachian forest reserve; established a range for American Buffalo.

There was much of importance that congress did not do; but with the election of a man whose relations to the present administration insure his pursuance of its policies, an endorsement of the administration will be registered by the people, and we may anticipate more drastic reform measures at the next session.

The next congress will have plenty to do; but the fact that tariff revision is one of the important features of the legislative program, and that the Republican party is standing pat on the principles of protection, while the Democrats take little pains to sugar coat the doctrine of free trade, this may well be accepted as an issue in the coming presidential campaign: Shall the tariff be revised with the view to protecting American workmen from competition with the pauper labor of Europe, or shall the tariff wall be broken down and our markets flooded with the cheap products from across the Atlantic?

SLIGHTLY HUMOROUS.

What He Wanted to Say.

"Hello!"

"Hello, confound you! What do you want?"

"Is this 6445?"

"Of course! Why don't you go ahead and talk?"

"Oh, you needn't get mad about nothing."

"Well, my time's worth money; I can't stand here all day jabbering 'hello' to somebody!"

"This is about the first time I ever used a telephone and—"

"Did you call me up for practice?"

"No, of course not."

"Did you call me up to tell me a funny story?"

"No I—"

"Well, why don't you go ahead then with your business?"

"You didn't give me chance. As I was saying—"

"There you go again! Say, how long are you going to keep me standing here?"

"You can sit down if you want to!"

"I'll sit down on you if this is supposed to be a joke! Who are you, sir?"

"My name is Brown. I moved in directly opposite you a few weeks ago."

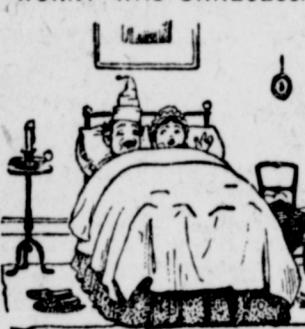

"Well, Brown, I'm sorry to have spoken so harshly to you, but I'm not feeling just up to the mark today. Hope you will pardon me."

"Oh, certainly."

"What is it you wished to say to me?"

"Why, I wanted to tell you that your house is on fire."—Success Magazine.

Mrs. Wilson's Funeral.

The funeral of Mrs. Ida Wilson was held this afternoon at the German Lutheran church. The burial followed at Oak Grove cemetery. Mr. John Rupertus, a brother of Mrs. Wilson, arrived from Denver, Col. The pallbearers were Messrs. Jesse Gilbert, Thomas Goodman, James Lally, William Morgan, Henry Smith and Henry Kobl.

Lowe Case Continued.

The Case against Charles Lowe, colored, charged with robbing the Rev. J. W. Cook, colored, of a Memphis, was continued in police court this morning. The conductor, flagman and porter of the train were present, but Cook failed to appear and the case went over until Friday.

Baby Fractured Arm.

Lawson, the 22-months-old son of Mr. and Mrs. F. L. Delvin, 808 South Fourth street, fell from the platform of the railroad station at Maxon Mills yesterday afternoon and fractured his right arm in two places.

The fracture was reduced by Dr. Rivers and the little fellow is resting easy today.

First June License.

The first marriage license for the month of June was issued this morning by the county clerk to Jack Little and Mary Tucker.

Mrs. Leslie Puryear returned home Saturday night from McKenzie, Tenn., where he was graduated last week from McTyeire school.

Master Roy Allen went to Benton last night to visit two weeks with relatives.

It must have been total destruction, the world argued, because in case of capture great battle ships themselves would scarcely have been able to make the complete trip to a Pacific coast on the supply of coal they carried in their bunkers. Forced drafts required great expenditure of fuel,

Other advanced thinkers, who looked far into the future, began a discussion as to the final outcome, what partition would be made of the conquered territory, and whether Japan would hold it as a colony for her own surplus population under a regulation colonial gubernation. English writers expressed grave doubts as to Japan's ability to conduct colonies successfully, and were rather of the opinion that the country should be given to Great Britain, whose remarkable success in India and elsewhere had made her the fountainhead in this branch of government. New maps of the world were published in the most progressive periodicals, and souvenir buttons were sold in the streets of Tokyo depicting a very valiant little Japanese soldier kicking Uncle Sam into the sea and taking possession of his land. All the world bowed down to his honor to the "brave little brown men," and many aggressive powers regretted that they had not been the first to think of taking possession of the United States, which their statesmen sometimes spoke of as being a nice little country and capable under reasonable rule of becoming quite a place.

The nation under discussion remained in the same astounding condition of silence and inaction. At first it had seemed that a clash along the Canadian border was inevitable. The massing of such great bodies of troops in such a position appeared almost a threat, and Great Britain in the first instance began hurriedly concentrating forces at points where they would be available in case of attack; but as day after day passed with no forward move and no action save that of preventing the passage of any person or the transmission of any communication alarm gave way to bewilderment. Canadian secret service men who succeeded in entering the camps of the soldiers soon returned to report that apparently the troops knew no more of the reason for their being stationed there than did the world at large.

In the meantime there gathered into the sounds, bays and harbors of foreign ports American vessels of war, which came to anchor and remained.

On board these ships were the most disconsolate body of officers and men that were ever collected in hulls. The last orders any of them had received had been made so positive, so plain and unequivocal, that they had no choice other than to obey. They had been commanded to gain these neutral berths and under no circumstances to leave them. They were not even permitted to assume the slate color which betokens war on the waters, and therefore retained their dress of immaculate white. They, too, seemed under the ban, and, like war dogs in leash, strained impotently for action. Nor was there an officer in all these idle and scattered ships who did not wish himself on the waves of the Pacific, across which the enemy's fleet was now forging.

The time advanced until the Japanese warships were due to arrive at Honolulu, where they were to meet.

The cable between Hawaii and Japan, now in possession of the mikado's operators, continued its daily reports of most favorable weather; but still no squadron hove in sight.

One day, two days, and three, passed before Japan felt anxiety, or the world began its discussion as to the cause of the long delay. Then, when the fleet was more than a week overdue it became almost a certainty that some disaster had overtaken it, although from no section of the sea had there been a typhoon reported or anything but excellent barometric conditions.

Ten days passed in this same way, and on the last the report from Honolulu was identical with that which had been made on all those previous: "Nothing in sight, and nothing arrived."

Once more the world stood in expectancy, and vainly sought the solution for the latest enigma. Storms were eliminated; for no tempest could have wiped out such a magnificent body of ships so effectively as to leave none to bear the sad tidings to the nearest port. And then, as a full realization of what must have happened dawned upon the watching powers, a shudder of dread passed through them all. It was plain that America had some new and terrific naval strength, some unheard of monster of the deep, that gave it the mastery of the seas. The evolution of submarines had been rapid; but no one had knowledge of a craft that could steam such a distance as would have been necessary to intercept the Japanese before they reached Honolulu, engage them and either destroy them completely or capture and convey them to an American port.

The Red Men have decided to hold their annual meeting here at Wallace park July 4, and arrangements are now being perfected to have one of the biggest days since the installation of the lodge. Prominent Red Men from all over the state will speak, and the day will be a gala one.

Red Men July 4.

The Red Men have decided to hold

and never at any time had there been any other intention than of replenishing at Hawaii. It seemed impossible that a civilized nation should have chosen deliberately to exterminate its enemies by wholesale; and yet there was no other conclusion tenable.

How terrific must have been that onslaught, coming up out of the waters of the sea, and how remorselessly executed! All losses of life in previous naval engagements sank into insignificance when compared with this sudden and swift obliteration of a fleet of warships, transports and colliers. It would be nearly impossible to spare lives in such a battle, and it seemed certain that the great steel monsters that had sailed away to easy conquest had become mere metal coffins for those who manned them, and were now resting somewhere on the ooze of the heedless Pacific. If such was the case, it was time the United States ceased to exist as a nation, when peopled by inhuman monsters who calmly slew their adversaries when threatened.

Japan was left a helpless little island in the sea, without ships to assail an enemy or to defend herself.

Shorn of power and pride, she was plunged as deeply in mourning as only a few weeks before she had been exalted in glory. She plaintively bewailed the barbarities of her enemy, and proudly pointed to her own high state of civilization, which made such warfare impossible. She asserted that had she possessed such monsters of destruction as were evidently owned by the United States, she would have scorned to use them without notifying the whole world of her power. It was a country of desolation.

There was hardly a prominent home

in Japan which had not contributed

some member of its family to that

splendid navy which had sailed so

proudly away when early June was

spreading its flowers over the empire;

now there were sobs of bereavement

and woe.

Across the ancient lands of the

Pharaohs and up through the prov-

inces of kings there swept a unanimous desire for an explanation. It

could come from only one source—

this land of mystery which had cut

itself off from all the world and stood

silent, guarding its secret, and sud-

dently grown ominous in its possibili-

ties and potentialities.

Japan, hopeless and driven to extre-

mities, appealed to her ally, Great

## SOUTHERN ELECTRIC

All the old officers of the Southern Electric Interurban railway company were re-elected this morning in a meeting of the directors in Mr. H. M. Loving's office in the Fraternity building. The plans of the company for the immediate future were discussed and it was found that the prospects for an early activity in actual construction work are good.

The directors of the White Plains Coal company also met in Mr. Loving's office this morning and several propositions were received about their coal land holdings at White Plains. Mr. Loving went to White Plains this morning on business, immediately after the meeting. The land has never been worked for coal, but the state geologic report indicates a rich deposit.

CLOTHING STORE ROBBED AT FULTON LAST NIGHT.

Fulton, Ky., June 1.—(Special)—The clothing house of Jones & Chambers was entered by thieves last night and robbed of suits, hats, shoes and underwear. Several fine brown and blue serge suits were taken. Chief of Police Eaker has written all of the surrounding towns to keep out a watch for the clothes. Little money was secured.

## CONTEST IN IOWA FOR SENATORIAL HONOR TOMORROW

Des Moines, June 1.—A state primary will be held tomorrow to decide whether Governor Cummins or Senator Allison will be returned to the United States senate. Members of the legislature are pledged to abide the outcome of the primary. Allison in outlining issues of the coming campaign said the question is whether Democrats or Republicans shall revise the tariff. He declared if Taft is elected a special session of congress will be called to consider the tariff.

## PIERCE IS BEATEN

Washington, June 1.—The supreme court decided that H. Clay Pierce must return to Texas under arrest to answer to the indictment for false swearing in the attempt of Texas to oust the Waters Pierce Oil company from the state. Pierce was under arrest in St. Louis and sought release under habeas corpus, claiming the indictment was insufficient.

## TRUEISON WELCHED WHEN OFFICERS WENT AFTER HIM.

Vernon, Tex., June 1.—The police declare Julius Trueison, of New York, who made confession that he was involved in the Guiness murders and helped Lamphere bury the victims, has retracted his statement. Sheriff Smutner, of Laporte, arrived to take Trueison in custody, when the latter denied the original story. Local officers discredit the confession.

## JAP TONER RESIGNS AS OFFICER FOR SOCIETY.

Jap Toner turned over his badge and books today and resigned as humane officer. Mr. Toner has served as officer for a year and has filled the position well. It is not known whether a successor will be appointed.

## Eight Bishops Consecrated.

Baltimore, June 1.—Perhaps the most impressive moment of the general conference of the Methodist Episcopal church was when eight ministers were consecrated bishops.

It was led by the bishop-elect, each accompanied by his two pre-

decessors.

## JOHN MITCHELL MAY RUN FOR GOVERNOR OF ILLINOIS.

Chicago, June 1.—John Mitchell, former president of the United Mine Workers, wants to run for governor of Illinois on the Democratic ticket. He will decide whether to make the race on June 15, when the Illinois Federation of Labor meets. It is expected that a boom for Mitchell will be started at that meeting. Roger C. Sullivan, Democratic national committeeman, thinks Mitchell or Samuel Alschuler would make the strongest candidate the Democratic party has had in years.

## DAVE EDWARDS CONVICTED.

## Self-Confessed Murderer of 17 Found Guilty in 18 Minutes.

Chattanooga, Tenn., June 1.—Edwards, the Casey county, Kentucky, desperado, who admits committing 17 murders, was found guilty of murder in the first degree here for the killing of Contractor J. D. Davis in a suburb about six months ago. The jury which returned the verdict was only out 18 minutes.

The attorneys who represented Edwards against his will pleaded insanity for their client. In opposing the selection by the court of attorneys for him, Edwards stated that he wanted to hang in order that he might go to "Hell" and prepare a red-hot reception for lawyers. After the verdict was brought in he asked to be immediately sentenced to death.

## ONLY UNION MEN

## May Hold Position of Inspector of Safety Appliances.

Chicago, June 1.—A Washington special to the Record-Herald says:

"Acting presumably upon the advice of Secretary Edward A. Mosley, the interstate commerce commission has issued a rule to the effect that none but union men shall receive appointments as inspectors under the safety appliances act. This action has aroused the greatest indignation among railway managers, who insist that it is another attempt on the part of the commission to curry favor with the labor organizations."

This approximately \$100,000 annual patronage not only places entirely within the hands of the unions the execution of the safety appliance law, but it also places a powerful whip in their hands with which to force the railroads into doing things that may be desired by the unions. Not so long ago a certain railroad threatened to reduce wages. Soon afterward a force of inspectors was at work upon that road, with the result that there was a crop of fines that aggregated a considerable sum.

The bishop of London recently declared that he prepared all his sermons and addresses while dressing. The sting of defeat lasts longer depend on its breadth now.

## IN SOCIAL CIRCLES

## Verdi Quartette.

Motions for a new trial in the cases of the city of Paducah against J. L. Jones and James Jewell were overruled and appeals granted in each case.

Claud Craig, charged with grand larceny was ordered released on his own recognizance on motion of the commonwealth's attorney.

A divorce was granted Ellen Dixon from William Dixon this afternoon. Mrs. Dixon was restored to her maiden name, Ellen Cotton.

## In Police Court.

The docket this morning in police court was: Breach of ordinance—Fred Crutchfield, continued until June 3. Breach of peace—Reed McCormick and John Smith; Judgment; Ed Holland, colored, \$20 and costs; Sam Scott, colored, \$5 and costs. Using insulting language—Novella Hill, colored, \$20 and costs. ## Canada-Bowland.

Miss Ruby Canada, daughter of Mr. and Mrs. C. D. Canada, of Paris, Tenn., and Mr. Albert B. Bowland, a popular young railroad man of the city, were married yesterday morning at 10 o'clock at the home of Miss Canada's sister, Mrs. E. C. Gleaves, 615 North Seventh street. The bridal couple left on the 11:20 train for Louisville. After June 8 Mr. and Mrs. Bowland will be at home at 615 North Seventh street. The marriage ceremonies were performed by the Rev. A. N. Sears.

## Federation Notes.

The Woman's club extends a cordial invitation to all the members of the other five federated clubs: the Delphic, Magazine, Matinee Musical clubs the Alumni association and the Kalosphic club to attend its reception Tuesday evening, June 2, in honor of the federation visitors.

All members of the Woman's club, Matinee Musical club and Alumni associations are invited to attend the luncheon to be given at the club house Wednesday at noon by the Delphic and Kalosphic clubs.

Major and Mrs. James P. Smith have invited the presidents, officers and chairmen of the six federated clubs and also the members of the Automobile club to meet the federation guests. Thursday evening at "Bide A'wee" at the conclusion of the automobile ride.

The lecture to be given by Dr. Claxton Thursday evening in the auditorium at Wallace park, is free to the public and it is hoped that a large crowd will be out to hear the distinguished educator.

May it be a train of thought because it is so apt to get off the track.

Sign of the Zodiac for June—the Crab.

Says Mr. Dooley: "In me heart, I think if people marry it ought to be for life. Th' laws ar'e altogether too lenient with them."

June is the wedding month according to statistics.

Here's everything correct in the clothes line for the groom, the best man, the ushers and the men of the audience, and Trunks, too, for the happy pair.

**BABY'S VOICE**

Is the joy of the household, for without it no happiness can be complete. How sweet the sight of mother and babe, angels smile and commend the thoughts and aspirations of the mother boding over the cradle. The ordeal through which the expectant mother must pass is such that she looks forward to the hour when she shall feel the exquisite thrill of motherhood with dread. Every woman should know that the danger and pain of child-birth can be avoided by the use of **Mother's Friend**, a liniment for external use, which toughens and renders pliable all the parts, assisting nature in its work. By its aid thousands of women have passed this crisis in safety and with little pain.

Sold at \$1.00 per bottle by druggists.

**Alaska Coal Deposits.**

Washington, June 1.—An important bill which permits practically for the first time the development of the immense coal deposits in Alaska has been reported favorably from the senate committee on public lands. It authorizes persons who have heretofore made locations of coal lands in Alaska, in good faith, to consolidate their claims in a single tract of 2,560 acres, and to form associations to perfect entry, and acquire title.

It is provided that no corporation shall be permitted to consolidate its claims unless seventy-five per cent of its stock shall be held by persons qualified to enter coal fields in Alaska.

If a woman can't find out the truth about something she wishes to know she always imagines she has found it.

**MIDGET MOTHER****AND BABE ARE ALIVE AT RIVER SIDE HOSPITAL.**

**Caesarian Operation Performed by Dr. Frank Boyd, Assisted by Drs. Bradley, Reddick and Hearn.**

A bright little baby, one week old, at the Riverside hospital owes its existence to the skill of surgery and in the delicate operation which brought the little one into the world, the life of the mother was also saved.

The mother is a midget, just 39 inches high, and the operation was the rare and difficult one known technically as the Caesarian operation. It is the only case of the kind on record in western Kentucky. It was performed one week ago by Dr. Frank Boyd, assisted by Dr. B. L. Bradley, Dr. T. J. Reddick and Dr. R. E. Hearn. The mother will recover and the baby is strong and well. It weighed seven and one-half pounds.

The mother is Mrs. Ada Grinnell, wife of Pearl Grinnell a musician, and has made her home in Paducah for the past year. She is a sister-in-law of Harry Lloyd. Her father is George B. McClelland and her brother is William McClelland, employee of the Milwaukee Road.

Mrs. Grinnell was born in Cincinnati. She is about 30 years of age and has been married seven years.

She has one other child, a little girl of three years, who was brought into the world in the same way as her week old baby. Mrs. Grinnell lives at 329 South Third street.

"The baby's name is Frank Bradley Grinnell, for Dr. Boyd and Dr. Bradley."

It is as good for children as it is for grown-up people, and I recommend it. It is fine for La Grippe." Sold by J. H. Oehlschager, Lang Bros., C. O. Ripley.

**The Exercise Cure.**  
The brilliant Chinese Ambassador, Wu Ting Fang, was recounting to a group of correspondents—but not for publication—his view of a certain selfish politician.

"In short," said Mr. Wu, "the man reminds me of a doctor of Shanghai."

"A mandarin came to this doctor for advice. He could not sleep, had no appetite, suffered a good deal from depression, and nevertheless was taking on fat at an alarming rate.

"We'll soon put you in condition again," said the physician. "What you need is exercise—good, hard exercise. Four times a week you can come home and put in the morning polishing my floors."

"But why not my own floors?" the Mandarin inquired.

"Mine," said the physician, "are larger." —Washington Star.

**Criminal Waste of Coal.**

**THE PADUCAH EVENING SUN.****At the Churches Yesterday.**

"Keep Thy Heart With All Diligence, for Out of It Are the Issues of Life"—these words of admonition given by King Solomon to his son, formed the text of Dr. W. E. Cave's sermon at the First Presbyterian church yesterday morning. By illustrations well chosen and aptly interpreted, Dr. Cave showed how the spiritual heart of man is the seat of spiritual life, even as the material heart is the vital organ of the body. He compared it to a fortified place, which can not be overcome by storm, but must voluntarily surrender, either to good or to evil.

**Trimble Street.**

The Rev. Warner Moore, Jr. preached Sunday evening at the Trimble Street Methodist church to a good congregation. No service was held in the morning owing to the absence of the Rev. G. W. Banks, the pastor, who will return today from Dresden, Tenn.

## Manage to Defeat Crack Princeton Team Sunday.

Sixth Inning With Two Baggers Tells Story of Game—Close Up Till Then.

## PITCHING OF RUNYAN GREAT.

Through good pitching and steady team work Paducah won from the crack Princeton team by a score of 3 to 1 yesterday afternoon in a battle royal at League park. Runyan twirled for Paducah, and the story of his work is best told by the fact that he allowed 3 hits, fanned 15 batters, and only gave one base on balls. Stevens, a former puzzle to Paducah batters, allowed four hits, fanned four and hit two men. The game was interesting from the start, and the large crowd cheered until hoarse.

Princeton started off like a winner. A man was on base, when Moore had a foul tip that got away from Hays. The umpire did not see the foul and called it a strike, and on the play a Princeton lad raced home. Thus with the score in Princeton's favor the Indians plodded on until the sixth inning. In this inning Hays and Robinson were first up, but were easy outs. Goodman followed, and Stevens hit him. Runyan followed with a single advanced Goodman to second and took first base himself. Cooper was next up, and he managed to let a ball graze him, and he got a pass to first, filling the bases. Newman was the star with the ash as he smashed out two hits, and his double bagger was timely.

The game was played in an hour and 28 minutes, and the fans smiled all the time. Next Sunday Hollan's Indians will journey to Princeton and play a return game with the lads. The record this season has been seven games and not one lost, while three have been shutouts. Gus Brabec upped yesterday.

The teams' lineup: Paducah—Hays, e; Runyan, p; Goodman, 1b; Brabec, 2b; Cooper, 3b; Robinson, ss; Newman, lf; Williams, cf; Hart, rf.

Princeton—Doyle, c; Stevens, p; McCabe, 1b; Seymour, 2b; Greer, 3b; Pettle, ss; Caslin, lf; H. Moore, cf; R. Moore, rf.

No Game at Metropolis.

No game was played at Metropolis yesterday owing to the failure of the Golconda baseball team to show up. A game was scheduled, but bad connection was made, and the ball tossers could not arrive in time for the game.

### He Got What He Needed.

"Nine years ago it looked as if my time had come," says Mr. C. Parthing, of Mill Creek, Ind. Ter.

"I was so run down that life hung on a very slender thread. It was then my druggist recommended Electric Bitters. I bought a bottle and I got what I needed—strength. I had one foot in the grave, but Electric Bitters put it back on the turf again, and I've been well ever since. Sold under guarantee at all drug-gists. 50¢."

### CONTEST 229 SEATS

### REPUBLICAN CONVENTION HAS DELICATE TASK.

National Committee Will Meet At Chicago on June 4 to Begin Hearings.

### Chicago, June 1.—Two hundred and twenty-nine seats in the Republican national convention will be made the subjects of contests before the national committee of the party, according to an announcement made by Elmer Dover, secretary of the committee. Mr. Dover gave out a list of the contests filed to date, showing that four delegations-at-large from each of eleven states, two territorial delegations each from Alaska and Arizona and 181 district delegations from fifteen states will be involved. The hearings are to begin before the committee on June 4.

Secretary Dover's list, which is headed "unofficial," shows that the contests over delegations-at-large will involve the representatives of the following states:

dates have their faces turned toward the finish with the idea of making the most of the remaining five weeks. There will be something doing all the time and it will be well for everyone connected with the contest to watch this column every day for announcements of great importance.

One hundred dollars in special prizes will be given to busy candidates during the next four weeks of the contest. This week's prize is of a value of \$42. Next week's will be worth \$30, the next \$20 and the last \$10, leaving the last week of the contest with no special at all, nothing but the regular eleven prizes to think about.

Don't hold back your business till later with the expectation that a bigger announcement will be made as the contest progresses—the biggest special prize is the one to be awarded Saturday night. After that the value of the special will be scaled down at the rate of \$10 per week. The earlier you get busy the better you will be repaid for your effort.

There's something besides the special prizes to raise excitement this week.

The bonus vote proposition is more attractive to candidates than any special prize could be, for the bonus votes assist in the winning of the big prizes at the finish.

Here is a complete explanation of the special offer for this week. A \$42 lady's or gentleman's watch will be given to the candidate, irrespective of district, who turns in the largest amount of cash between this morning and 9:00 p. m. Saturday, June 6.

Five thousand bonus votes will be given in each district to the candidate who turns in the greatest amount of cash on subscriptions, whether old or new, between this morning and 9:00 p. m. Saturday, June 6.

Two thousand bonus votes will be given for every \$25 any candidate turns in.

Candidates were given to understand that their effort for Saturday would count them more than the effort of any other one day during the contest. The announcement of the special offers for this week in no way conflicts with the representations made to candidates last Friday regarding the results of Saturday's work. The bonus for this whole week is not so large as was the bonus for last Saturday, alone. Of course there is the special prizes, but it is for six days' work instead of one. A proportionate prize for one day's work would not be large enough to excite interest.

Following is a description of the magnificent list of prizes offered for the winners in this contest together with the arrangement governing their distribution.

The candidate securing the highest number of votes, regardless of district, will be given The First Grand Prize, a \$700 double building lot in Gregory Heights, Paducah's prettiest suburb.

The candidate securing the second highest number of votes, regardless of district, will be given The Second Grand Prize, a \$100.00 two-carat, blue-white diamond, on display at Jo Wolff's jewelry store, 327 Broadway.

After the judges of the finish of the contest have awarded the Grand Prizes, the names of the two winners will be striken from the list of contestants and the nine district prizes will be awarded as follows:

The three persons who lead their respective districts will be awarded a \$300 piano, on display at W. T. Miller & Bros., 520 Broadway, a \$150 suit of furniture, displayed at Garner Bros., 207-213 South Third, a \$100 buggy and harness, displayed at Powell-Rogers, 129-131 North Third. The above three prizes will be given to the three district leaders in the order of the number of votes credited to them.

Remember that there are 92 "live" candidates in the field and that any one of them is a worthy opponent. Of course lots of them will drop out every day now when they see that

they are not steering clear of the best advantage.

**Districts.**

The territory covered by The Sun has been divided for the purposes of this contest into three districts, as follows:

District 1 comprises all of the city of Paducah north of Broadway, including the north side of Broadway.

District 2 comprises all of the city of Paducah south of Broadway, including the south side of Broadway.

District 3 comprises all of the territory served by The Sun outside the limits of the city of Paducah.

The three persons receiving the third highest number of votes in their respective districts will be awarded the following prizes, a \$37.50 refrigerator, displayed at Henneberger's, 422 Broadway, a \$25 lady's or man's watch on display at J. L. Wanner's, 311 Broadway.

In addition the management of The Sun will spend \$100 in special prizes to be distributed to busy candidates during the progress of the contest, making a grand total of more than \$2,000 in prizes, to be distributed gratis.

**Table of Values.**

Besides the coupons which are printed daily in The Sun and which are good for the number of votes printed on them if voted before the time limit stated, contestants may secure subscription votes according to the following schedule:

Contestants may secure subscriptions anywhere they wish. For instance a candidate in District 3 is fearful of pneumonia that his friends declare consumption had me, and my death was on my heels. Then I was persuaded to try Dr. King's New

**J. Martin Miller to Prosecute Senator Platt's "Friend" for Forgery.**

Paris, June 1.—J. Martin Miller, the former American consul at Rheims, who was mentioned in connection with the suit for divorce recently brought in New York by Mae C. Wood against Senator Thomas C. Platt, is at present in this city. When the latest American newspapers arrived here Mr. Miller saw for the first time the statement alleged to have been signed by him and which was produced by Miss Wood at the trial. Miller was extremely indignant.

"The document is an absolute forgery," he said. "It is fabricated and false from beginning to end."

Mr. Miller is consulting attorneys with the view of having Miss Wood prosecuted for forgery.

**UNITED STATES OF AMERICA.**

**Western District of Kentucky, at Paducah.**

Whereas, an information has been filed in the District Court of the United States for the Western District of Kentucky, at Paducah, on the 22nd day of May, 1908, by George Durrell, Esq., attorney for the United States, against ten barrels, five half barrels and fifty kegs of opium alleging in substance that said articles were forfeited to the United States, as being misbranded within the meaning of the Food and Drugs act of congress of the United States approved June 30th, 1906, and prying process against the same, and that same may be condemned as forfeited as aforesaid, same having been seized by the Marshal under due process of law.

Now, therefore, in pursuance to the motion under seal of said court to me directed and delivered I do hereby give public notice to all persons claiming said articles or in any manner interested therein, that they may be and appear before the said court, to be held in the city of Paducah in and for said District, on the 16th day of November, 1908, then and there to interpose their claims, and to make their allegations in that behalf.
